

## PRODUCT SHEET

Paving support pads with the increased surface 7mm

**Article:**  
240-250-250-007

**Height:**  
7 [mm]

**In a box:**  
150 pcs.

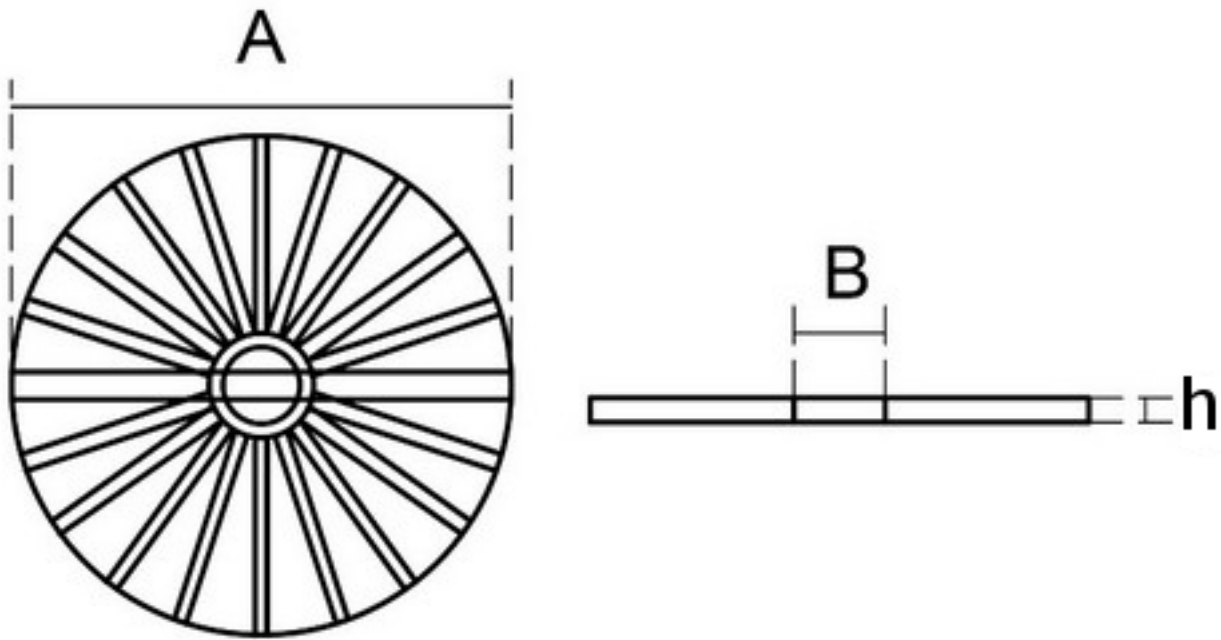

Support pad with height 7 mm with possible addition of cross spacer 3 / 4 / 5 mm for paving.

Cross spacer is not included in set.

Large diameter of the base allows set this support pads directly on paved surfaces such as gravel and soil.

Additional usage of that support pad is increasing load surface of another type of support pads to 460 cm<sup>2</sup>.
